Digital Legacy: Final Instructions

Where are your login credentials stored?

Who should manage your online accounts?

Do you want a final message posted on any platform?

What accounts should be deleted, preserved, or handed over?

Managing Digital Legacy on Popular Platforms

Facebook

You can assign a 'Legacy Contact' in Settings > Memorialization Settings. They can manage your memorialized profile.

Instagram

Instagram allows memorialization requests via a form. No in-app settings yet.

Google (Gmail, YouTube, etc.)

Use Google's 'Inactive Account Manager' to assign who gets notified or receives your data.

Apple

Use Apple's Digital Legacy program to assign people access to your Apple ID.

Twitter / X

Family members can request account deactivation by contacting Twitter with proof.
