What Your Family Needs to Know

Does the funeral home have to accept this casket?

Yes. Federal law (the FTC Funeral Rule) requires every funeral home in the United States to accept a casket purchased from any outside source. They cannot charge a handling fee or refuse service. This applies to every casket sold by Discount Caskets, including Batesville models.

How does the Roman Bronze compare to the Churchill Blue?

Both are built on the same Batesville 20-gauge steel platform with identical construction, hardware, and stationary handles. The Roman Bronze has a warm copper finish with cream velvet interior at \$1,710. The Churchill Blue features a deep navy finish with light blue satin interior at \$1,910. The \$200 difference is cosmetic only. Choose based on which look best honors your loved one.

Why choose a Batesville casket over other brands?

Batesville has manufactured caskets in the United States since 1884. They are the most recognized name in the industry. Every Batesville casket sold by Discount Caskets comes with the same factory construction standards used in funeral home inventory, without the funeral home markup that can double or triple the price.

How does it ship and when will it arrive?

Discount Caskets coordinates delivery directly with your funeral home. Shipping is \$299 flat rate regardless of destination. The casket arrives in full protective packaging and is received by the funeral director on your behalf. Contact Discount Caskets to confirm delivery timing for your area.

How does \$1,710 compare to funeral home pricing?

Funeral homes typically mark up Batesville caskets by 200% to 300%. The same Roman Bronze model can cost \$4,000 to \$6,000 at a funeral home. At \$1,710 plus \$299 flat rate delivery, purchasing directly through Discount Caskets can save your family thousands on an identical Batesville product.
