## What Your Family Needs to Know

### Does the funeral home have to accept this casket?

Yes. Federal law (the FTC Funeral Rule) requires every funeral home in the United States to accept a casket purchased from any outside source. They cannot charge a handling fee or refuse service. This applies to every casket sold by Discount Caskets.

### What makes the Infinite Silver different from the Orion Series Blue?

Both are 20 gauge steel caskets at \$995. The Infinite Silver is the only model in this price range that offers a sealed gasket option, which creates an additional barrier against outside elements after burial. The Orion Series Blue does not include a gasket seal but carries a 5.0 buyer rating. If below ground burial is the plan, the Infinite Silver's gasket seal may matter to your family.

### What does the sealed gasket option do?

The rubber gasket creates a seal between the lid and the base of the casket, resisting the passage of air, water, and soil elements after burial. This is a feature typically found on higher priced caskets. At \$995, the Infinite Silver is one of the most affordable sealed options on the market.

### How fast does it ship?

Orders placed before 3:00 PM ET ship the same business day. Standard delivery takes 1 to 2 business days depending on your location. Delivery is \$299 flat rate, directly to your funeral home. Discount Caskets coordinates everything with the funeral home so your family does not have to arrange logistics.

### How does \$995 compare to funeral home pricing?

Funeral homes typically charge \$2,500 to \$5,000 for comparable 20 gauge steel caskets. At \$995 plus \$299 flat rate delivery, the Infinite Silver can save your family over \$2,600 on the same quality of steel construction, with the added benefit of a sealed gasket.
