

What Your Family Needs to Know

Does the funeral home have to accept this casket?

Yes. Federal law (the FTC Funeral Rule) requires every funeral home in the United States to accept a casket purchased from any outside source. They cannot charge a handling fee or refuse service. This applies to every casket sold by Discount Caskets.

What makes The Veteran different from The Liberty?

Both are stainless steel caskets at \$5,495. The Veteran features a brushed platinum finish with white velvet interior and American flag embroidery on the lid panel. The Liberty has a dark midnight blue finish with pearl velvet interior and a clean, understated look. Same construction, same carrier, same \$299 delivery. The difference is personal and symbolic.

Why choose stainless steel over standard steel?

Stainless steel resists rust and corrosion that standard carbon steel cannot. A 20 gauge steel casket will eventually corrode underground. A stainless steel casket like The Veteran maintains its structural integrity far longer, making it the premium choice for a permanent tribute.

How does it ship and when will it arrive?

Discount Caskets ships via air cargo through major commercial carriers including American Airlines, Delta, and United. The casket travels in a dedicated cargo compartment with full protective packaging. Delivery is \$299 flat rate, coordinated directly with your funeral home.

How does \$5,495 compare to funeral home pricing?

Funeral homes typically charge \$10,000 to \$15,000 for comparable stainless steel caskets. At \$5,495 plus \$299 flat rate delivery, The Veteran can save your family thousands while receiving the same quality of stainless steel construction and craftsmanship.
