

MEMORIAL MERITS

Sanctuary, not sales floor.

One Special Song FAQ

What Families Need to Know

What is a custom memorial song?

A professionally produced, original song written specifically about one person. Lyrics, melody, and full studio arrangement built from the details your family shares.

How long until I receive my song?

Typically within days of order. Rush options available when a service is close. If under 24 hours, contact One Special Song directly before ordering.

What do I share about my loved one?

Name, your relationship, specific memories, qualities, and the feeling you want carried. About 10 to 15 minutes through a guided online form.

Can I pick the musical style?

Yes. Acoustic, gospel, classical, country, rock, jazz, contemporary, faith-based. Pick what fits your person, not what is conventional for funerals.

Is this AI-generated music?

No. Real human songwriters and producers write and record each track. AI generators produce hollow templates; One Special Song writes about your actual person.

Can I play the song at a service freely?

Yes. The song is an original composition produced for your family. No licensing fees, no public performance restrictions. The track is yours.

How much does it cost?

Pricing shows during the order flow. Industry range is roughly \$99 to \$300; your discount with memorial10 makes it lower.
