What is LVED?

LVED (pronounced "loved") is an online estate planning service. You create your legal documents online, store them in an encrypted digital vault, and LVED delivers them to the people you choose.

What documents come with each plan?

The Will Plan includes a will, living will, healthcare directive, financial and health powers of attorney, a guardianship designation, a pet trust and a personal property list. The Trust & Will Plan adds a revocable living trust, a spousal trust and a dependents trust. Licensed estate attorneys wrote the documents, they are valid in all 50 states, and updates are unlimited.

What does the digital vault store?

The vault holds 25GB of encrypted files: documents, bank and insurance details, passwords, crypto wallet credentials, photos, videos and written or recorded messages. You choose who receives each item, and whether it is released at death or at incapacitation.

Is there a yearly fee?

The Will and Trust & Will plans are one-time payments, or 12 monthly payments, and include the vault for the first year. After the first year the vault renews at $73.46 a year with the Memorial Merits code ($97 list price).

Is there a money-back guarantee?

Yes. Every LVED plan has a 30-day money-back guarantee, and you keep the documents you created.

How do I get the Memorial Merits price?

Scan the QR code below. It opens LVED with the discount already applied. Or go to lved.com and enter code **JEUJ9348** at checkout. The code works only through Memorial Merits, and LVED's checkout page names Memorial Merits as the sponsor of the discount.
